

EXCAVATOR GAME

CAWP's Excavator Game App

Use the real life planning and execution skills of an excavator operator to solve these digging puzzles! Operating an excavator takes hand-eye coordination, three-dimensional thinking, and planning. Think you've got what it takes? Select your route and how deep you want to go. Be careful not to dig yourself into trouble, and always remember, it's important to be efficient! Every block traveled and every scoop costs you Action Points. The less Action Points you use, the more stars you will earn. Levels get more challenging as you go. Get three stars on all 25 levels to be a master excavator.

Excavator lets you practice the skills needed to be a real life machine operator, right on your mobile device! There's work to do. Can you dig it?

The CAWP Excavator Game APP is available now for Android and Apple devices.
